of Correction**

Dear Sir:

Pursuant to 35 U.S.C. § 255 and 37 C.F.R. § 1.323, this is a request for the issuance of a Certificate of Correction in the above-identified patent. Two (2) copies of PTO Form 1050 are appended. The complete Certificate of Correction involves one page.

The mistakes identified in the appended Form occurred through no fault of the United States Patent and Trademark Office. Rather, these minor errors were introduced by Applicant.

These errors included lack of proper antecedents in dependent Claims 21, 27, 31, 32 and 35. The dependencies of Claims 26 and 27 have also been corrected. These errors were inadvertent and without deceptive intent. The requested Certificate of Correction corrects these errors.

OCT 03 2006

It is clear from the claims themselves that these errors are of a minor character. These errors were made in good faith and without deceptive intent. The change does not constitute addition of new matter to the application, and would not require re-examination. Rather, this change is of a minor nature that clarifies the claims without affecting the scope of the claims. Indeed, both the Applicant and the Examiner overlooked this matter during prosecution.

Issuance of the Certificate of Correction containing the corrections is respectfully requested. Because these changes are necessitated by Applicant's error, a fee of \$100 is due. The Commissioner is authorized to charge this fee and any fee required to enter this request, consider the matter, and issue a Certificate of Correction, to our Deposit Account No. 192253, referencing docket number 11952-4 KAM.

Respectfully submitted,

SIM & McBURNEY
